

JUAN HERNÁNDEZ

671364462

Granada, Andalucía, España

24 years old

jhernandezsanchezagesta@gmail.com

PROFESSIONAL SUMMARY

Data Scientist and AI specialist with a Master's in Data Science (University of Granada) and a dual background in Computer Engineering and Business Administration. I bridge the gap between technical complexity and business strategy, delivering data-driven solutions with real organizational impact. Naturally curious and results-oriented, I thrive in multidisciplinary environments where I act as a connector between technical teams and business stakeholders. Football has shaped my ability to lead under pressure, collaborate effectively, and adapt to dynamic challenges.

PROFESSIONAL EXPERIENCE

Data Scientist

Jul 2026 - Now

WhiteBox

Data Scientist at WhiteBox, embedded in a consulting project for Renfe. Responsible for the full data science lifecycle: data wrangling, exploratory analysis, predictive modelling, and delivery of actionable insights to business stakeholders. Acting as a bridge between technical and business teams, translating complex analytical findings into clear, decision-ready recommendations. Applying ML techniques on real operational railway data in a fast-paced consulting environment.

AI Engineer | Automation Engineer

Jan 2026-Jul 2026

NTT Data Europe & LATAM

Design and development of intelligent automation solutions combining APIs, automated workflows, and generative AI models. Integration of data across enterprise platforms, automation of repetitive processes, and delivery of scalable AI-powered products. Direct exposure to GenAI technologies (LLMs, LangChain/LangGraph), with a focus on practical business application and cross-functional communication.

Data Engineer Trainee

Sep 2025-Jan 2026

Nfq Advisory ,Solutions,Outsourcing

Big Data consultant specializing in solutions within the Hadoop ecosystem, with versatility in Spark (working with both Scala and PySpark), query optimization, and the design of robust pipelines—from raw data to production deployment. A team player capable of adapting to any situation.

EDUCATION

Master's in Data Science — Data Science & Intelligent Technologies

2025 - 2026

University of Granada

Bachelor's Degree in Computer Engineering

2020-2025

University of Granada

Bachelor's Degree in Business Administration and Management

2020-2025

University of Granada

SKILLS & TECHNOLOGIES

- Python (Pandas, Sklearn, PyTorch)
- R
- SQL / NoSQL
- Java, C++
- PostgreSQL,MySQL,MongoDB,...
- Spark
- Hadoop
- Databricks
- Pig
- HDFS
- Machine Learning
- Deep Learning / LSTMs
- LLMs & GenAI
- LangChain / LangGraph
- Agentic AI

CERTIFICATES

- Cambridge B2 First (FCE) - English
- Google Cloud Certified GenAI Leader - Google Cloud Platform
- Google Cloud Digital Leader - Google Cloud Platform
- Professional course in Project Management - Coursera
- Business Intelligence , Data Discovery and SQL - Civica
- Data-Driven Analytics - Platzi

HACKATHONS, COMPETITIONS & OTHER INITIATIVES

HackSpain 2026 — Participant | Madrid, Spain | Sep 18–20, 2026

- Selected among 250 technical builders under 30 across Spain for a 36-hour in-person hackathon at Universidad Politécnica de Madrid (UPM).
- Build and ship software products from scratch across 5 technology/startup tracks, collaborating with other high-performing developers and engaging with companies, startups, and venture capital firms.
